About Strongwater Farm

Our mission is to enhance and enrich lives by providing education, physical activity, social opportunities, and emotional support to our clients through equine-assisted activities and services. At the heart of our work lie four fundamental values that guide us every step of the way: Integrity, Compassion, Healing, and Safety.

The Strongwater Story

For over two decades, Strongwater Farm has been a beacon of hope, improving the quality of life and health for thousands of children and adults with special needs in the Greater Boston area. As a 501(c)(3) non-profit organization, we take great pride in being one of only two EAS centers in northeast Massachusetts with Premier Center accreditation from the Professional Association of Therapeutic Horsemanship, International (PATH Intl.).

Through our Equine-Assisted Services (EAS) programs, we cater to a diverse group of individuals, including those with physical, cognitive, and emotional challenges. Our clientele ranges from individuals with autism, multiple sclerosis patients, and seniors with Alzheimer's and dementia, to individuals battling substance use disorders. With the tireless efforts of our dedicated volunteers, knowledgeable staff, and cherished equine partners, we have successfully created a safe and welcoming environment where individuals learn, grow, and heal through the incredible power of the horse.

Strongwater Storm Clouds

We find ourselves facing a challenge that demands our collective strength and unwavering support. Recently, Strongwater Farm has been affected by the devastating impact of recent powerful storms and flooding. The very heart of our sanctuary has endured significant damage, threatening our ability to provide vital equine therapy to the vulnerable members of our community.

The storm's aftermath has left our facilities unsafe for our horses and volunteers, and in need of immediate restoration and repair. The Barns and Paddocks—the spaces where transformational moments unfold—require our attention and resources to reclaim their full potential. With your invaluable partnership, we can overcome this setback and continue our vital work.

Walking path between paddocks for horses and volunteers

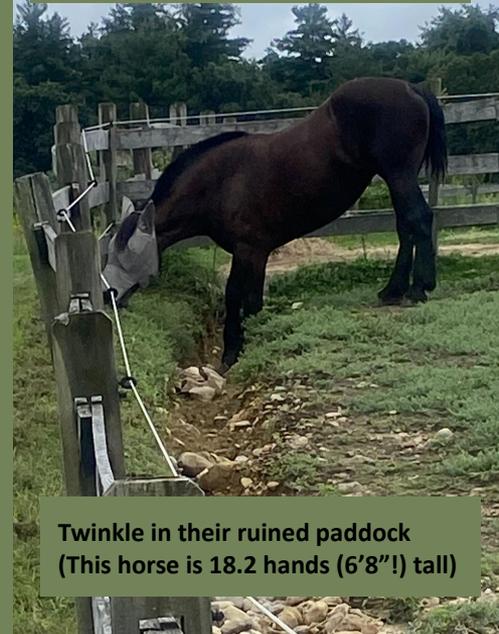

Strongwater Storm Clouds

Your partnership will not only restore physical structures but also breathe life into our mission. It will enable us to provide solace, strength, and renewal to those who need it most—empowering individuals to overcome challenges and experience transformation through the unique bond between humans and horses.

We invite you to stand with us, to rally together in the face of adversity. Let us reaffirm our commitment to a community where hope and healing flourish, regardless of the challenges we encounter. Your generosity will pave the way for brighter days, fostering resilience and unity that echo far beyond our fields.
